⚠️ WARNINGS & PRECAUTIONS ⚠️

PLEASE READ THESE INSTRUCTIONS CAREFULLY, AND RETAIN FOR FUTURE REFERENCE.

The VonShef Electric Salt & Pepper Mills are intended for domestic use only. **DO NOT** use for commercial purposes.

Basic safety precautions should be followed to avoid physical injury to you or others, or damage to the product or other property. Failure to follow the basic precautions listed below could result in serious injury. These precautions include, but are not limited to the following:

- DO NOT** immerse in water.
- DO NOT** remove ceramic grinder from item.
- DO NOT** touch motor while mill is grinding.
- DO NOT** leave dead batteries in grinder.
- DO NOT** use wet salt crystals/peppercorns/herbs or sugar.

ALL batteries should be replaced at the same time.

This product is **NOT** a toy and is not intended for use by children. Children should be supervised at all times to ensure that they do not play with the product. Keep out of reach of children and pets.

AVOID dropping or knocking the mills, as this can crack the chamber and the mechanism inside.

DO NOT use if any parts appear to be faulty, missing or damaged.

DO NOT overfill the chambers.

DO NOT use abrasive cleaners to clean the surfaces of the Mills as these will damage the stainless steel surfaces.

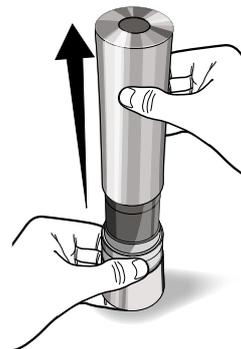

This product is **NOT** dishwasher safe. Wash by hand only.

BATTERY INSTALLATION.

1. Twist the cover clockwise to unlock.

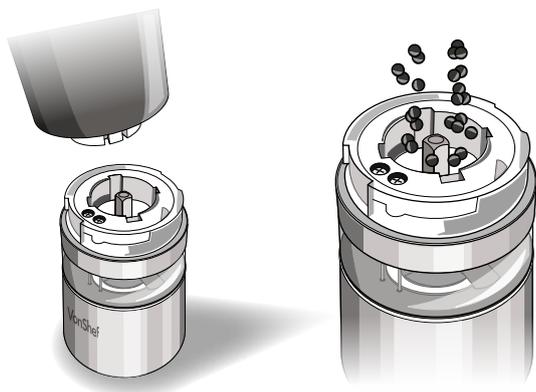

2. Firmly remove the Cover from the Motor Unit.

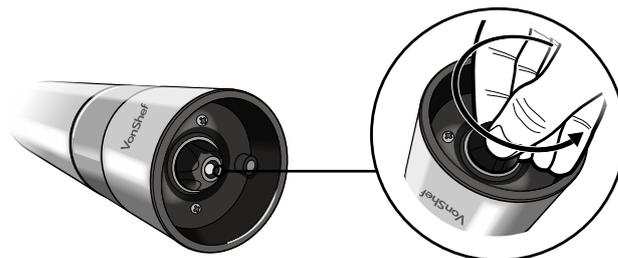

3. Install 4 x AA batteries (not supplied) into each battery chamber and replace the Cover.

REFILLING THE GRINDING CHAMBER

Remove the cover as instructed in the 'Battery Installation' section. Detach the Motor Unit by carefully lifting it up off the Grinding Chamber. Once removed, fill the Grinding chamber with salt crystals, peppercorns, dried herbs or sugar. Reassemble when the Chamber has been filled.

ADJUSTING THE COARSENESS

At the base of the Salt & Pepper Mills, you will notice a small mechanism in the centre. To adjust the coarseness of the contents in the Grinding Chamber, simply turn this anti-clockwise for coarse granules or clockwise for a finer grind.

NOTE: The coarseness adjuster may be supplied pre-tightened. Ensure this is loosened before first use.

OPERATION

- Ensure 4 x AA batteries have been inserted correctly. Hold the Salt or Pepper Mill over the food you wish to season.
- Press and hold the Grinding Button on top. Once the Button is released, the contents will stop dispensing.
- The small light underneath will help you see the amount of seasoning you are adding to your food.

NOTE: Should the contents become stuck when dispensing, shake slightly to dislodge.

CLEANING AND MAINTENANCE

- From time to time, the Mills may require a good clean. To do so, simply wipe the product with a slightly dampened cloth with a mild detergent. Dry using a soft cloth or paper towel.

IMPORTANT: Do not use any abrasive cleaning materials to clean the Salt & Pepper Covers, as this can damage and scratch the surfaces.

CAUTION: Do not immerse the Mills in water or any other liquids to clean.

- Store in a cool, dry area away from any heat sources.
