Wipe with a damp cloth

CAUTION Sharp edges.

CAUTION Do not immerse in water.

Operation

1

2

3

Press and hold to activate.

4

Release to stop.

Maintenance

We recommend the use of a cleaning brush when cleaning the Grinding chamber interior.

CAUTION Sharp edges.

CAUTION Do not immerse in water.

Troubleshooting

NO POWER TO UNIT -

- Check that the Coffee Grinder is connected to a suitable mains socket.
- The **ACTIVATION PEG** on the **LID** is not sitting securely into the **MAIN UNIT**. Refer to the '**Operation**' section of this manual and follow the steps for correct assembly.

DESIRED CONSISTENCY HAS NOT BEEN ACHIEVED -

- Only use fresh whole coffee beans for grinding.
- Ensure enough whole coffee beans have been added to the **GRINDING CHAMBER** but that maximum capacity has not been exceeded (**60g**).
- Grind the ingredients for a while longer.
- If the result is too fine, use quick pulses (press and release the **ON/OFF BUTTON** rather than hold down).

Usage & Safety

Please read all instructions carefully before use and retain for future reference.

ATTENTION This appliance has a thermal cut out switch. The thermal cut out will activate and shut down the appliance should the appliance overheat.

Unplug from the mains and or battery and allow to cool for 30 minutes before re-use.

CAUTION Do not immerse in water.

CAUTION Sharp edges.

Information

Please read all instructions carefully before use and retain for future reference.

INTENDED USE Only operate the appliance for its intended purpose and within the parameters specified in this manual.

This appliance is for domestic use only. Do not use outdoors or on wet surfaces. This appliance is not intended for use by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless supervised or given appropriate instruction concerning the product's use by a person responsible for their safety. The appliance is not intended to be operated by means of an external timer or separate remote-control system.

GENERAL SAFETY Do not allow to be used as a toy. Children should be supervised to ensure they do not play with the appliance.

If the appliance is not functioning properly, has been dropped, damaged, left outdoors, or immersed in liquid, do not use, contact DOMU Brands Customer Services.

Do not use the appliance if any parts appear to be faulty, missing or damaged.

Ensure all parts are securely attached as instructed by this instruction manual before use.

CABLES AND PLUGS Check to ensure your electricity supply matches that shown on the rating plate. This product should only be used as rated. Preferably, the socket outlet should be protected by a Residual Current Device RCD (UK/EU) Ground Fault Indicator (US).

Do not use with a damaged cable or plug. If the supply cable is damaged, it must be replaced by a qualified engineer or authorised service agent in order to avoid a hazard. The use of an extension cable is not recommended.

Do not handle the plug or appliance with wet hands.

Keep the cable away from heated surfaces.

Do not let the cable hang over the edge of the table or countertop where it could be pulled on inadvertently by children or pets.

Do not pull the cable around sharp edges or corners.

Do not leave unattended when plugged in. Unplug from outlet when not in use.

Turn off all controls before unplugging.

Do not unplug by pulling on the cable. To unplug, grasp the plug, not the cable.

Always unplug before performing user maintenance, connecting or disconnecting attachments, or changing accessories.

Ensure the cable is stored safely to prevent hazards.

Information

RISK OF PERSONAL INJURY Always locate your appliance away from the edge of the worktop, on a firm, flat, heat-resistant surface with sufficient space around all sides.

Always handle blades / sharp objects with care.

The appliance is not intended to be operated by means of an external timer or separate remote-control system.

Do not insert any objects into openings or cover the appliance.

Keep hair, loose clothing, fingers and all parts of body away from openings and moving parts.

Never operate the appliance when empty.

Do not use outdoors or near heat sources.

Do not overload/overflow the appliance. When using for the first time your appliance may give off a 'new' smell or vapour. This will dissipate after a few uses.

Never attempt to remove food or liquid from the appliance whilst in operation. Always allow it to stop completely.

Do not operate continuously for periods longer than those marked on the product or indicated in the instructions.

Handle sharp objects with care.

Ensure the appliance is switched off and unplugged before changing accessories or cleaning.

Use only as described in this manual and with DOMU Brands recommended attachments only.

CLEANING & MAINTENANCE Never soak or immerse electrical or heating components and or a component that has a plug attached.

Hand washing recommended; soak in warm soapy water and wipe down using a soft sponge. To remove stubborn stains, use a non abrasive cleaning brush.

Do not use abrasive, harsh cleaning solutions or metal scouring pads.

Never wash any electrical or heating components and or a component that has a plug attached in a dishwasher.

THERMAL CUT OUT The appliance is equipped with a overheating protection system. If the inner temperature control system becomes too high, the overheating protection will be automatically activated and the appliance will switch off. Allow to completely cool for 30 minutes before using again.

TECHNICAL SPECIFICATION

Rated Voltage 220-240V

Rated Power 150W

Rated Frequency 50/60Hz
