

# 4 TIER MINI GREENHOUSE

## 2521002.1 - User Guide

Please read all instructions carefully and retain for future reference.

Do not use the 4 Tier Mini Greenhouse for any purpose other than that for which it is designed.

This Mini Greenhouse is not a climbing structure. Keep children and pets away from the unit.

This Mini Greenhouse is not a toy. Children and pets should be supervised to ensure they do not play with the unit.

Ensure the Mini Greenhouse is placed on a flat, level surface.

Locate the Mini Greenhouse in a suitable area where it will not create an obstruction.

Keep away from heat sources such as fires and radiators.

Avoid getting the Wire Shelves wet or placing them in damp locations.

Ensure the Wire Shelves are correctly assembled before loading them with heavy items.

Do not place any items on a broken Wire Shelf.

To prevent damage, do not drop items onto the Wire Shelves.

Load the Wire Shelves with heavier items at the bottom in order to avoid injury and improve stability.

Always distribute items evenly across the Wire Shelves.

**WARNING!** Do not overload the Wire Shelves as this may result in damaging the product and personal injury.

Maximum loading capacity: 8kg/18lbs per shelf.

Do not attempt to move the unit whilst there are objects placed on the Wire Shelves.

Do not clean the Wire Shelves with any solvents as this can damage the coated surfaces.

Secure the Wire Shelves using cable ties (not supplied).

**WARNING!** Extreme weather poses a risk of damage to the Mini Greenhouse. It should be adequately secured or protected against adverse weather conditions. Seek advice from a qualified contractor as to the best way to secure your Mini Greenhouse.

## CONTENTS

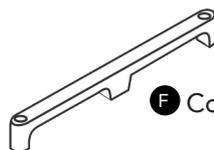

A Horizontal Rods (x12)

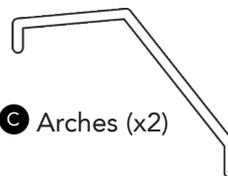

B Vertical Rods (x16)

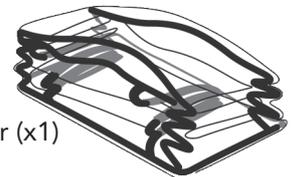

E Wire Shelving (x4)

F Connectors (x10)

C Arches (x2)

D Cover (x1)

# ASSEMBLY

1. Taking 2 Connectors (F), insert 3 Horizontal Rods (A) and place one of the Wire Shelves (E) on top.

**NOTE:** It is recommended that you secure the Wire Shelves using cable ties (not supplied).

2. Insert a Vertical Rod (B) into the Connectors (F) at each corner.

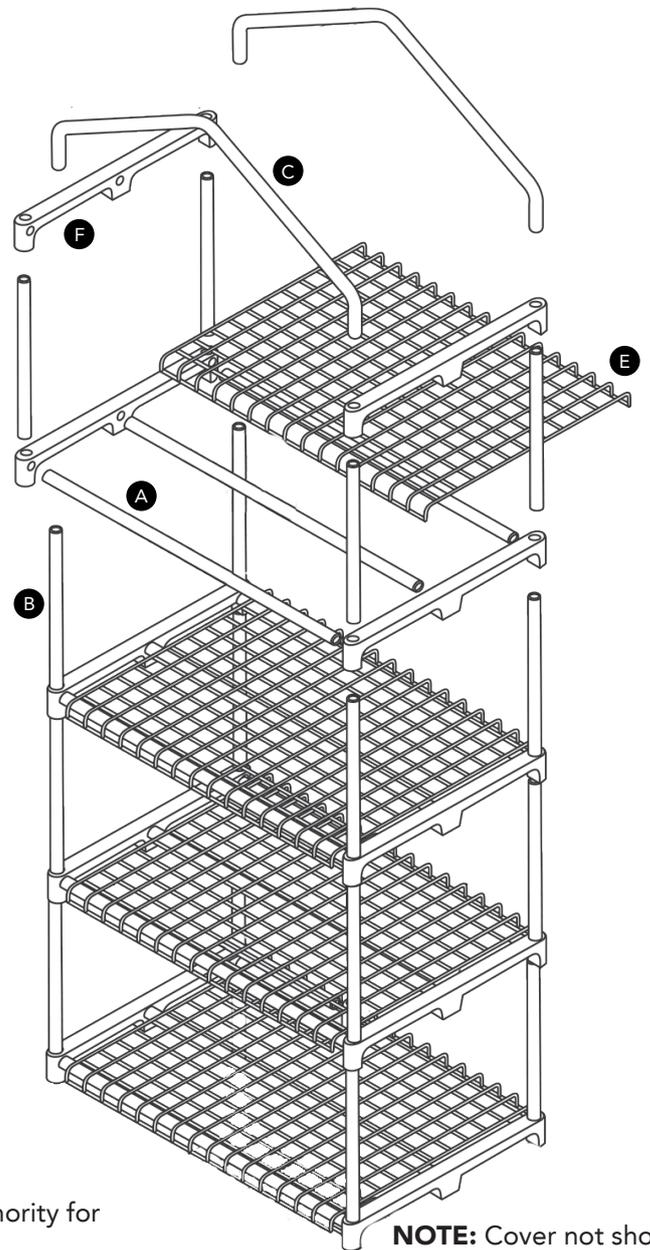

3. With 4 Vertical Rods in place (B), add 2 Connectors (F) across the shorter sides, then connect the Horizontal Rods (A). Place a Wire Shelf (E) on top.

4. Repeat the above steps until the top tier is reached.

5. Insert the 2 Arches (C) into the top connectors (as shown).

6. To finish, slide the Cover (D) over the top of the assembly.

**IMPORTANT:** Once assembled, ensure all connections are secure before placing items onto the shelving.

# DISPOSAL INFORMATION

Please recycle where facilities exist. Check with your local authority for recycling advice.

# WARRANTY

To register your product and find out if you qualify for a free extended warranty, go to:

[www.VonHaus.com/warranty](http://www.VonHaus.com/warranty)

Please retain a proof of purchase receipt or statement as proof of the purchase date.

The warranty only applies if the product is used solely in the manner indicated in this User Guide and all instructions have been followed accurately. Any abuse of the product or the manner in which it is used will invalidate the warranty.

Returned goods will not be accepted unless re-packaged in its original packaging and accompanied by a relevant and completed returns form. This does not affect your statutory rights.

No rights are given under this warranty to a person acquiring this unit second-hand or for commercial or communal use.
